

# AL HOTY ANALYTICAL SERVICES

## QUALITY POLICY

AL Hoty Analytical Services (AAS) is committed to achieve total customer satisfaction and to maintain a reputation for integrity, honesty and quality consciousness to our Clients. We are dedicated as a team to maintain compliance with all applicable legal and other requirements.

We want to achieve this by:

- Maintaining high level of workmanship and professional practices, ensuring accuracy of test results following quality procedures and relevant international standards or Client's specifications using well-maintained and calibrated equipment.
- Documenting all the testing activities carried out, as per the applicable procedures and test methods.
- Undertaking continuous employee training and assessment to ensure procedures are maintained to the highest standard.
- Providing adequate resources to ensure that the quality of the technical services is maintained.
- Complying with ISO 9001, ISO/IEC 17025 and continually improving the effectiveness of the management system through customer feedback, proactive management reviews and internal audits.
